

Formula Regional Americas Championship

F4 United States Championship

Ligier Junior Formula Championship

Mid-Ohio Sports Car Course

19 – 22 June 2025

From	The Stewards	Document	Stewards Memo No. 2
To	All Team Managers	Date	19 June 2025
	All Teams	Time	15:45

The Stewards are aware that the F4 and JFC teams routinely scrub one or two sets of new dry weather tires during the optional test sessions for use in the official practice session(s). The Stewards also understand that, due to today's weather, those teams have not had an opportunity to safely scrub a set of dry tires. As a result, the Race Director has proposed, and the Stewards concur, that the requirement to run "scrubbed" tires for the official practice sessions (as defined in Article 24.5 of the Sporting Regulations) will be modified for the Mid-Ohio event. The F4 and JFC drivers may use one (1) new set of dry weather tires for tomorrow's official practice sessions, and that set of tires does not need to be declared or scanned. Any F4 or JFC car that uses two (2) new sets of dry weather tires for tomorrow's official practice sessions will be referred to the Stewards for a violation of this memo.

The Stewards note that this memo only applies to F4 and JFC and has no effect on the tire rules for Formula Regional.
