

FR Americas F4 US Championship Ligier Junior Formula Championship Guest Pass Policy

The number of guests included in the event entry fee has been set at five per car per event. If you have more adult guests than that number, each guest over the five will incur a \$30 overcrew pass fee. Minors (under 18) will not be included in the count.

Please enter the guest names in the Event Registration form on MotorsportReg. If someone is a minor, please indicate with (M) behind their name. You may enter your guest names at the time you complete your race entry on MotorsportReg in the section labeled "Event Guests".

If you do not have that information at the time of event entry, you can update the registration with additional Guest Names until 6:00 PM on the Friday prior to an event. Guests will not have access to the pit lane.

Video tutorial to help with updating your Registration is linked [HERE](#).

Guest names are due the Friday prior to the event. If you aren't sure who might attend, please give me the names of those you reasonably anticipate will be there.

If you have someone who is going to need an Event Credential with access to the hot pit lane, those folks are entered in the Event Credential section of your registration. The fee for weekend hot pit event credential is \$85 per person per weekend.

As a reminder, your guests will need to arrive while FR/F4/JFC Registration is open. Once Registration has closed, the promoter controls the access to the facility and your guests may need to purchase a ticket.

If your guests prefer to purchase tickets so they can arrive on their own schedule, tickets can be purchased at the [Racing America - Tickets](#) website.

I won't reconcile the guest count against the number of available slots until after the weekend is over. For example, if you provide six names for a particular car/driver, and only three folks are able to attend, you will not incur any additional charge.

If you have any questions about this policy, please don't hesitate to ask. Please reach out to Kelley at: formularegistration@racingamerica.com.
