Pre-Tech Notes for Teams:

1. Each car must arrive to tech with the exterior bodywork in place so that decals may be inspected. The seat must be installed if the driver is required to do a jump-out test if necessary

2. While the decals are being inspected, the driver will perform the required jump-out test, have their gear checked, and have their official weight taken if necessary

3. The ADR and Yellow Light boxes will be inspected for proper mounting and testing. Teams must make sure the ADR and Yellow Light harnesses are installed before inspection.

4. If a team is unable to make their pre-tech appointment, they must notify the Technical Officials before their appointment time. Failure to do so will result in penalties
